BASIC INFORMATION

I am a Front-End Web Developer with a focus on graphic design and efficient code. Always seeking to expand and sharpen my skillsets, I am a creative thinker who stays on top of modern trends and strives to produce authentic, creative, and beautiful websites and push the limits of web development.

PROJECTS

MOE ZZAMAN

www.moezzaman.com

A resume website built for a client, featuring a visualization of their experience, custom SVG portrait drawn in Adobe Illustrator, custom CSS animations, and a contact form powered by the EmailJS API. Designed the client's brand and engineered the SEO to append the website at the top of search results.
